**DRIVE THE CHANGE**

MASTER

# RENAULT MASTER ALWAYS DELIVERS

FROM EUROPE'S LEADING LCV MANUFACTURER COMES THE RENAULT MASTER RANGE. RENAULT HAS DRAWN ON MORE THAN 100 YEARS OF AUTOMOTIVE DESIGN AND MANUFACTURING EXPERIENCE TO BRING YOU A COMMERCIAL VEHICLE RANGE THAT COMBINES PRACTICALITY, EFFICIENCY AND DURABILITY WITH OUTSTANDING COMFORT, DRIVABILITY AND CLASS-LEADING SAFETY.

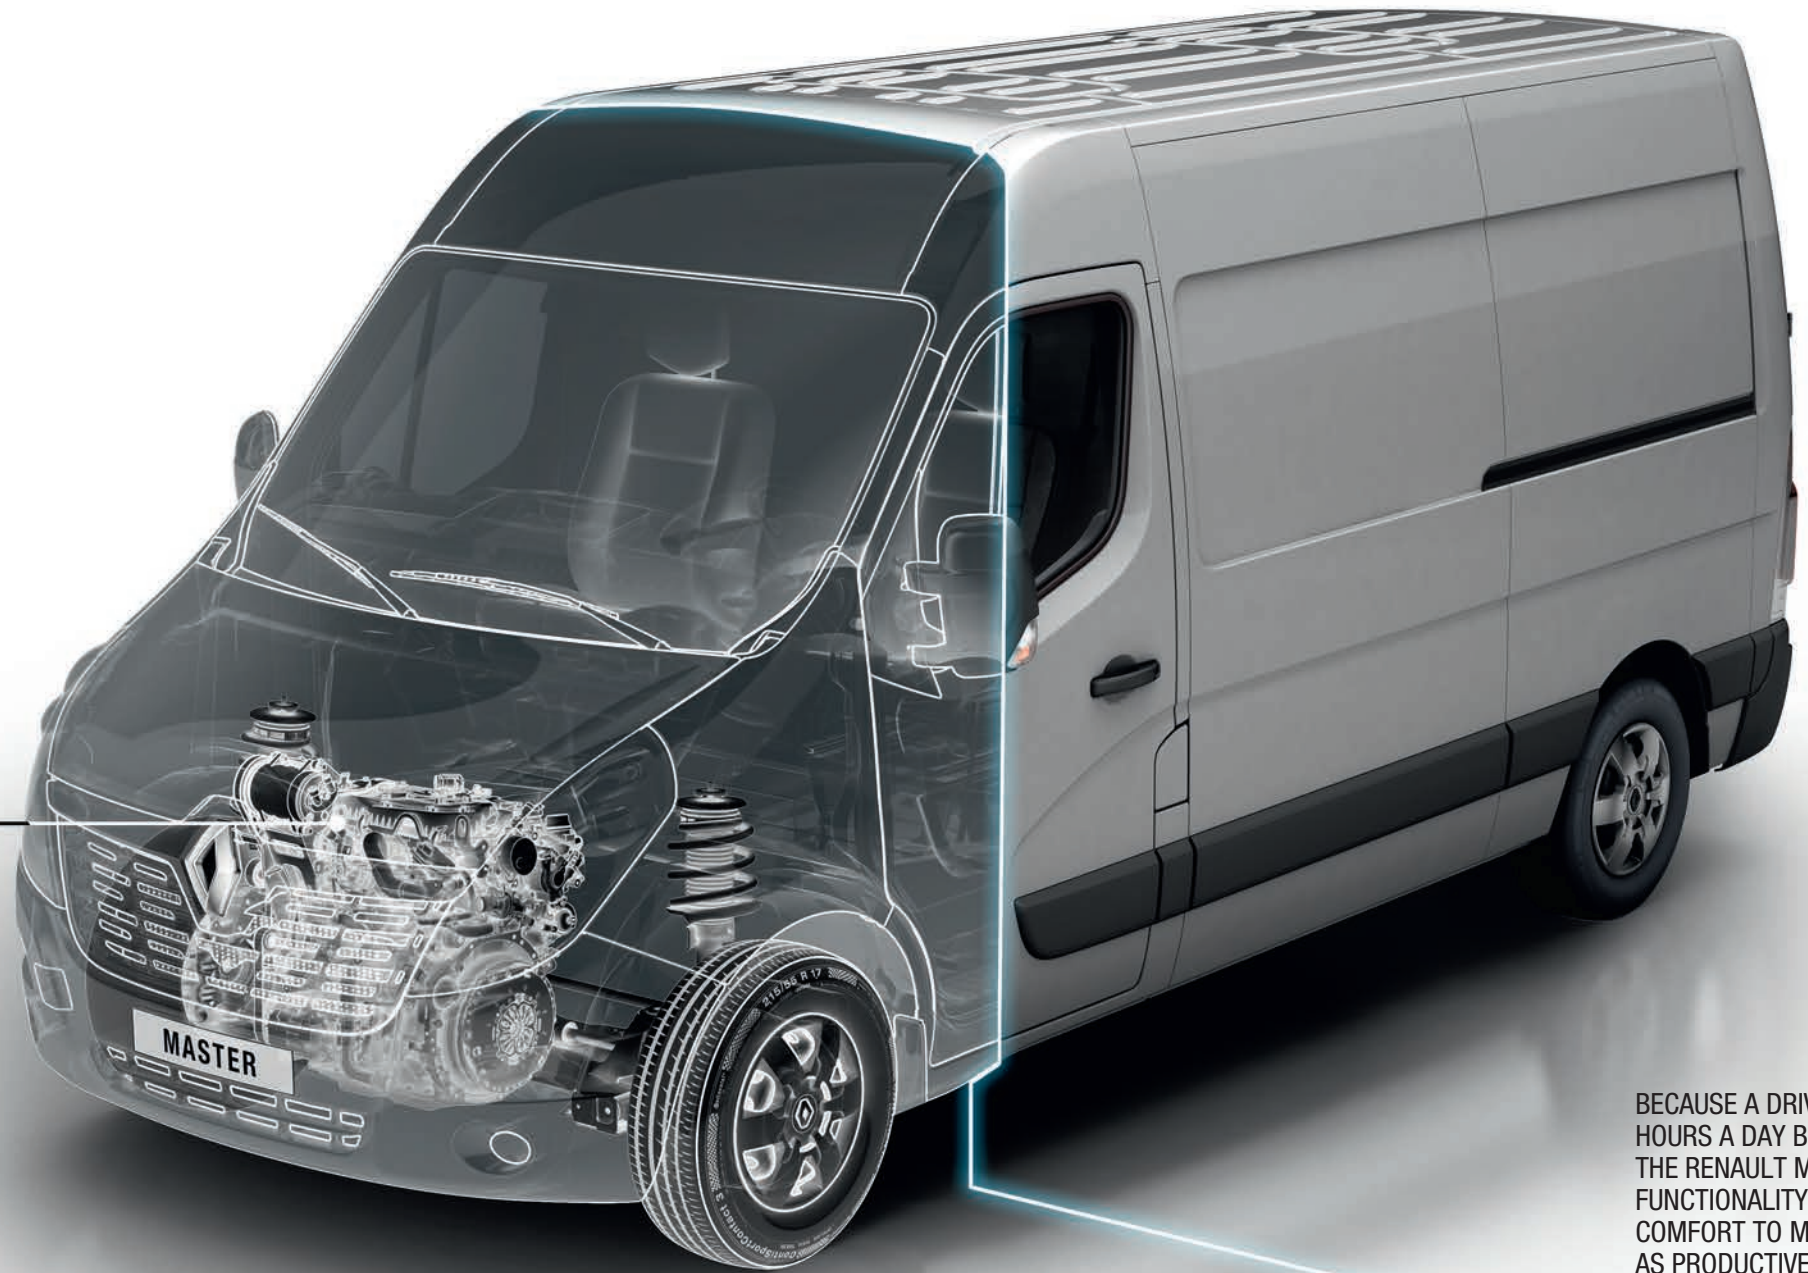

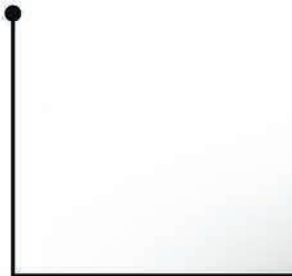

Overseas model shown

# EFFICIENT

FROM FORMULA 1® TO ZERO EMISSION ELECTRIC VEHICLES, RENAULT IS AT THE FOREFRONT OF ENGINE DEVELOPMENT TECHNOLOGY.

MAXIMUM TORQUE FROM 1,500rpm

## 2.3L ENERGY DCI ENGINE

The new Renault Master succeeds in reducing fuel consumption and CO<sub>2</sub> emissions while improving performance. The new Energy dCi 135 and Energy dCi 165 engines offer more power and are up to 12% more economical than the previous engines. Combining Renault's Twin Turbo technology with Stop & Start and ESM (Energy Smart Management – regenerative braking which helps charge the battery when decelerating, recovering energy that would be otherwise lost), the new Master dCi 135 engine consumes just 6.9L/100km (UK test).

## THE BENEFITS OF TWIN TURBO

The Twin Turbo technology allows the Diesel engine to combine low-end torque and high power, resulting in an improved driving experience. With this system, the engine always operates within its optimum performance ranges, giving the immediate benefit of a reduction in consumption, CO<sub>2</sub> emissions and increased efficiency.

# PRACTICAL

BECAUSE A DRIVER CAN SPEND MANY HOURS A DAY BEHIND THE WHEEL, THE RENAULT MASTER COMBINES FUNCTIONALITY, TECHNOLOGY AND COMFORT TO MAKE YOUR WORK DAY AS PRODUCTIVE AS POSSIBLE.

The spacious cabin, equipped with a practical, ergonomically-designed dashboard, integrates an array of storage compartments that can be reached easily from the driving position.

Blind-spot mirrors, a wide view interior mirror and rear parking sensors are standard features across the Renault Master range to help make reversing into tight spots easier.

Overseas model shown

# VERSATILE

TRADESMAN, COURIER OR REFRIGERATED TRANSPORT – THERE'S A RENAULT MASTER THAT'S JUST RIGHT FOR YOUR BUSINESS.

With a van range spanning 8m<sup>3</sup> to 17m<sup>3</sup>, with payloads from 1.6 to 2.2 tonnes, you'll find a Renault Master that's sized just right for your business. Choose front wheel drive for low floor heights, large door openings and plenty of cargo headroom. Or choose rear wheel drive for high payloads, increased traction and serious cargo carrying capability.

The Renault Master features a unitary type chassis constructed of high strength-to-weight steel for an optimised body shell that's both lightweight and strong. These weight savings translate directly into higher payloads, without compromising on durability or practicality.

With gross vehicle mass under 4.5T, anyone with a normal car licence can drive the Renault Master. Available with both manual and automated manual powertrains, this van is ready to move almost anything!

# SAFE

A COMPREHENSIVE RANGE OF ACTIVE AND PASSIVE SAFETY SYSTEMS ARE ALWAYS WORKING TO KEEP YOU SAFE.

Renault has built its reputation on safety and the Master is no exception. Every model comes standard with an improved Electronic Stability Control (ESC) system. This sophisticated safety system continuously monitors your vehicle's trajectory and selectively applies the brakes or limits engine torque to help maintain directional control. ESC helps prevent accidents on rough or slippery surfaces and when making emergency swerving or braking manoeuvres. New ESC features on the new Renault Master include Grip X-tend (enhanced traction), which allows the vehicle to regain traction on soft ground.

Hill Start Assist prevents the vehicle from rolling when stopped on hills by holding the brakes on for two seconds after you take your foot off the pedal.

The Renault Master's Anti-lock Braking System (ABS) means you'll always be able to stop in the shortest distance possible, while maintaining full steering control. With its four wheel discs and Electronic Brake-force Distribution (EBD), the Renault Master can come to a complete stop from 100km/h in as little as 44.7 metres – less than some popular passenger vehicles. Height adjustable seat belts with pretensioners and load limiters work to ensure you and your passenger are in the optimum position for the dual front airbags to provide you with maximum protection in the event of an accident.

The standard cruise control works to minimise fatigue, while the integrated speed limiter helps keep you safely within speed limits.

# HERITAGE

RENAULT LIGHT COMMERCIAL VEHICLES,  
THE BACKBONE OF BUSINESS.

The Renault Light Commercial Vehicle range, leader in its category for the past 116 years in Europe, has enjoyed a memorable and successful history. From its beginnings as the major vehicle range for London's taxi fleet in 1907, to its iconic 1,000 kg van, which helped rebuild post-war France, the Renault Commercial Vehicle range has been the backbone of businesses for over a century.

# WARRANTY

WHEN YOU PURCHASE A RENAULT COMMERCIAL VEHICLE YOU CAN LOOK FORWARD TO YEARS OF PRODUCTIVE AND ECONOMICAL SERVICE, BACKED BY A TRUSTED AND RELIABLE BRAND.

## COMPREHENSIVE WARRANTY

Renault has been building and racing motor vehicles for more than 100 years. The wealth of experience we've gained is reflected in the design, performance and quality of every vehicle we sell.

**We're so confident of the quality of your new Renault Master, we back it with a 3-year/200,000km warranty.**

## CAPPED PRICE SERVICING

Enjoy the benefits of lower maintenance costs in your Renault Master for your first 3 years or 90,000km (whichever occurs first) thanks to Capped Price Servicing.#

The Capped Price Service program covers the cost of all genuine parts, lubricants and labour required for standard scheduled maintenance services.

## 24/7 ROADSIDE ASSISTANCE

Renault's 24/7 Roadside Assistance is there to help you for the length of your new vehicle warranty. Just call 1800 009 008 and we'll arrange the assistance you need to get back on the road. The service is available 24 hours a day, 365 days per year and covers you right across Australia.

**Your Renault Master comes with 3 years of 24/7 Roadside Assistance.\***

3 years/200,000km warranty applies to all new or demonstrator Master models. Warranty valid for 3 years or 200,000km (whichever comes first) from new. Demonstrator vehicles receive balance of new vehicle warranty. #First 3 scheduled maintenance services capped at \$349 per service on new and demonstrator Master models, based on standard scheduled servicing from new and on normal operating conditions. Scheduled maintenance services required every twelve (12) months or up to 30,000km (whichever occurs first). However, Master is subject to adaptive servicing requirements, as determined by the Oil Condition Sensor, and may require servicing prior to the standard twelve (12) months or 30,000km service interval. If vehicle is not presented within three (3) months of when the scheduled service is required, right to that capped-price service under the program is forfeited. \*Roadside Assistance terms and conditions apply. Call our Customer Service Team on 1800 009 008 or view the Terms and Conditions statement at [www.renault.com.au/drivingpeaceofmind](http://www.renault.com.au/drivingpeaceofmind) for details.
